

Belmont School's School Development Plan 2024 - 25

Our School Vision

Development of the whole school learning community that promotes personalised and independent learning throughout the learning journey for pupils and adults. Pupil voice informs all school development priorities – every child, every day make us Stronger Together.

Quality of Education

Staff plan and deliver robust high quality creative learning using the school's progression documents that enable inspirational teaching, in order for all pupils to receive academic equity and achieve the best possible outcomes in all areas of the curriculum in and out of school, in particular Reading.

Behaviour and Attitudes

All staff and pupils work together to model understanding and respect of each other's learning style and respect of personal boundaries following the school's expected behaviours consistently to value interactions, participation and effort.

Personal Development

Children's emotional self regulation skills are intentionally taught and embedded into all areas of school life, to further develop well being that includes embedding positive learning behaviours and interactions.

Leadership and Management

School leaders are ambitious and empower all staff members to continuously develop their knowledge and skills in a high challenge: low threat environment that is based on pride, honesty and value.

We are all 'Stronger Together' at Belmont School
